Subject: Interview Request?

Hi Dean,

We'd like to see if we can chat with you today or tomorrow regarding two items.

1. We want to promote SB 360 (to make sure it gets signed). We've been doing a lot of reporting on the "elections" bill legislation since Ca Fwd is so interested in that part of reform.

2. Also wanted to see if you wanted to chat re the idea that L.a. is the land of "perpetual elections" and discuss low turnout and what that costs the county--and by extension whether that is good for democracy. We will do a story on the Senate and Assembly race this week from that pt of view. (At the very least, it would be interesting to know what those will cost if you don't want to comment.

Also, I'd love to get an update on your work to innovate a new election system in LA County. It's been a while since we've done anything it and I find it a very cool topic from the points of view of both increasing voter participation and the innovation coming from the public sector.

Thanks---My availability is wide open this afternoon and most of tomorrow (bad between 10-11)

Thanks
