How do you feel if I go before the elections committee and speak Monday in reference to a bill that they are trying to pass that will really mess with Elections. I can send you a copy of the bill. They have been having discussion yesterday today and Monday about this. They are supposed to be sending a new bill tonight for us to look at.

Will you please text me during the meeting and let me know if I need to write a letter of resignation
Or do I need to first thing in the morning

I see there is a called meeting on the county website
